### What Every Business Owner Needs to Know About Lawsuit Protection, Tax Reduction, and Estate Planning

*It takes a lifetime to accumulate your assets. Take 2 hours to protect them.*

**Problem #1:** It is estimated that a lawsuit is filed every 30 seconds in America and there are approximately 100 million lawsuits currently pending in the United States.

**Solution:** We teach business owners how to prevent lawsuits by structuring their assets so attorneys will not file a lawsuit against them.

**Problem #2:** According to the IRS Commissioner, millions of taxpayers are overpaying their taxes each year.

**Solution:** We teach business owners how to reduce their taxes to the legal minimum—saving them thousands of dollars each year.

**Problem #3:** Most business owners do not have an effective estate and business succession plan. If not planned for, estate and gift tax consequences can cripple the ongoing success of a business during the transfer period.

**Solution:** We teach business owners how to create a successful estate and business succession plan so they can avoid probate and eliminate estate taxes.

**COURSE SUMMARY:** Is your financial house in order? Discover the tools you can use to become invincible to lawsuits, save thousands in taxes, and achieve financial peace of mind. By the end of the presentation you will know how to:

1. Protect 100% of your assets from lawsuits. You will learn how to make yourself so unattractive to a plaintiff attorney that they will never pursue a lawsuit against you.
2. Save thousands of dollars each year in taxes. You will learn five tax reduction strategies most people fail to utilize, which could save you more than \$10,000 each year in taxes.
3. Avoid probate and eliminate all estate taxes. You will be taken through a checklist of items that are important to every estate and business succession plan. You will learn what you should be doing now to prepare for successful business and estate secession.
